Main channels: Tiktok, Facebook

### Main keywords:

European Union, Globalism, Orban,  
Russian Influence, schools, Vaccines

### Main narratives:

- European Union is taking away the sovereignty of its member states.
- The schools in Latvia are being closed because the EU needs places to build facilities.
- Orban is a benevolent ruler just looking out for his country and the EU is the problem.

### Overview:

During the examined week, the content surrounded topics relating to the European Union, school closings in Latvia, and other domestic issues. There has been significantly more content on the European Union, with the main narrative being that Orban is doing good things for his country. In contrast, the European Union is hurting the economy and living standards in Latvia. The rise in the specific content is attributable to the upcoming European Parliament elections. Nevertheless, the content does not reach significant engagement.
